# AMAS

AMAS (Aerospace Management ApplicationS) is an innovative solution of web-based applications to solve the daily challenges of compliance within the aerospace industry.

AMAS delivers the best time-saving and efficient digital solutions that make compliance monitoring management processes easier and more reliable than ever.

The AMAS suite of applications is the most comprehensive aerospace management system. It gives users easy access to complex regulatory and legal content, and simplifies compliance monitoring management processes to make them easier and more efficient.

## AI – AEROEX INTELLIGENCE

AeroEx combines aviation specific knowledge and know-how with advisory services tailored to the customer's needs.

AMAS digitizes compliance by transforming human knowledge and experience into digital solutions.

AeroEx big data generated by the AMAS platform, AMAS users and third parties, in order to issue, for example, predictions on what the next audit will be about, or how to improve documentation.

## AEROEX CARES ABOUT YOU:

- C**ustomer-centric: Committed to supporting you
- A**ccountable: We back you up and willing to go the extra mile for you
- R**eliable: You can count on us
- E**ssential: We add value and in everything we do
- S**olution-oriented: We are able to deliver timely and customized excellent solutions

The Aeroex logo is located in the top right corner. It consists of the word "aeroex" in a white, lowercase, sans-serif font, followed by a stylized white 'X' that is formed by two intersecting diagonal lines.

aeroex

The background of the slide is a photograph of a white Aeroex aircraft flying over a thick layer of white clouds. The sky above the clouds is a clear, bright blue, while the sky below the clouds is a darker, more dramatic blue with some light filtering through. The aircraft is positioned in the lower-left quadrant of the image, flying towards the right.
